

MAZAGON DOCK SHIPBUILDERS LIMITED

FAMILIARISATION PROGRAMME FOR INDEPENDENT DIRECTORS

The provisions of Companies Act, 2013, read with its Schedule IV and Regulation 25(7) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**SEBI Listing Regulations**”) requires that the Company shall familiarise its independent directors with the Company, their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, business model of the Company etc., through various programmes and providing training to all members of the board of directors by way of updates.

1. Purpose

The Familiarisation Program is aimed to provide the Independent Directors with an overview of the Industry, present and proposed operations of the Company to enable them to understand its business in depth and for their effective contribution in its growth.

2. Familiarisation Process / Programme adopted by Mazagon Dock Shipbuilders Limited (the “Company”)

The Company has put in place a system to familiarise the independent directors about the Company by updating them with various events and developments taking place in the Company in particular and the industry, as a whole.

As a part of updating the independent directors, a detailed presentation shall be made on the salient features of the Companies Act, 2013 including the roles and responsibilities of independent directors. Periodical changes in the above Act are to be provided to the independent directors continuously. The presentations also covered applicable regulations from the SEBI Listing Regulations and the SEBI (Prohibition of Insider Trading) Regulations, 2015. This leads to keeping the independent directors, aware of the changing regulatory frame work and the directors are able to re-align their contribution, accordingly. As an additional step in this direction, to ensure compliance with the SEBI Listing Regulations, the independent directors are also provided with inputs on the business model and various processes in the operations of the Company. The independent directors are also taken for a yard visit to enable them to understand the shipbuilding/ ship repair operations assisted by the senior level officers.
